FZH-SERIES

The tube lines are smooth while the appearance is high-end and elegant.

The upholstery is made of PU with one-step forming technology and designed according to the principles of ergonomics. Well-controlled firmness ensures the degree of comfort of upholstery. The leather which wraps it passed a 100,000-hour high strength test.

Footrest plate made of PU foam with one-step forming technology and steel board inside the foam ensures enough strength and support for users.

Weight frame: Some of the models are equipped with quality-assured weight frame made of stainless steel tubes where bumper plates of more specifications can be put for more convenient usage.
